Products

At Car Magic Parts and Accessories we offer a large variety of products for your car, SUV, truck and Jeep that varies from exterior accessories, interior accessories and performance parts. Our exterior accessories include automotive lights, billet grills, body kits, car covers, chrome accessories, deflectors, roof racks and cargo equipment, carriers, side view mirrors and trailer hitches. Exterior accessories are a great way to change the image of your vehicle but that is not the only benefit that these products have to offer. Accessories such as lighting and deflectors not only can change the appearance of your vehicle but they also help provide extra safety, by provide the proper lighting so you can see in the nighttime and in various weather conditions, such as fog and stormy weather. If you are looking to change the appearance of your vehicle a body kit would be an important addition, especially if you wanted to make your vehicle stand out from the rest. A body kit is a compilation of exterior modifications that most often contains front and rear bumpers, side skirts and spoilers. Different parts of the body kit are well designed to compliment one another to complete your vehicles design. Body kits are typically manufactured of fiberglass, polyurethane and carbon fiber, which all have their own

benefits. Adding any type of rack for your vehicle would be a great addition if you need extra storage. Roof racks, carriers and cargo equipment are a great place to store anything extra without having to worry about not having enough space or crowding your vehicle.

The interior accessories that we carry include automotive gauges, cargo and truck liners, dashboard covers, dashboard kits, floor mats and liners, rear view mirrors and seat covers, all of which are great for customizing your vehicle. Automotive gauges are a great accessory to have that not only looks awesome but also allows you to know exactly what is going on with the mechanics of your vehicle. This is a wonderful accessory to have because it will give you details on the current state on your vehicle. Other interior accessories that include dashboard covers, floor mats and seat covers are great for protecting the inside of your vehicle from any damage. With these accessories you will be able to load your belonging into your vehicle without having to worry about harming the inside. Another very important interior accessory are rear view mirrors. It is common that many of the times rear view mirrors can fall off creating the driver to be blind from what is behind them, so replacing them are very important for the safety of you and others. Our performance parts that we at Car Magic Parts and Accessories offer include air filters, air intake systems, brakes and break pads, car batteries, cooling fans, exhausts, mufflers, fuel systems, ignition systems, oil filters, performance chips shifters, superchargers, turbochargers, and underdrive pulleys, which are all great additions if you are looking you to stepping up the performance of your vehicle. Cold air intake systems and cooling fans help increase engine efficiency and performance and also protect your vehicles engine from overheating. An exhaust system is an important element to your vehicle because it guides exhaust gases away from the inside of your engine

protecting your vehicle. Adding a performance chip shifter to your vehicle is a very important performance part to add to your vehicle. Since a majority of vehicles are controlled by a computer system this chip tells the computer when and how to adjust your vehicle's fuel to air ratio, timing and turbo boosts just to name a few, so this product you can find very valuable. Vehicle mufflers are a great way to make your vehicle louder or more silent depending on what your preference is. The importance of an oil filter is that it cleans dust, soot and other minerals that can damage or destroy your engine. Using an oil filter will clean your oil from these dangerous materials. Oil is very important when it comes to protecting your engine because the purpose of it in your vehicles is to lubricate moving parts in the engine. Supercharges and turbochargers allow your vehicle to be more powerful overall without your engine charging. What this will do is create a faster acceleration for your vehicle without causing damage to your engine. A powerful suspension system is crucial because it contributes to a vehicles handling and breaking, two things that are very important for your safety and even driving pleasure. Underline pulleys are a performance part that enhances the torque and horsepower output of a vehicles engine by reducing drag cause by belt driven accessories. The most important part of underdrive pulleys however is that it reduces the moment of inertia, which is the tendency of an object to resist any change in its motion. All of the parts and accessories that you can find at carmagic.com are great if you are looking to alter your vehicles appearance, protect the cosmetics of your vehicle, or get the best performance possible out of your vehicle. If you have any questions regarding any of our products you can view our blogs, video channels and FAQ's section to help you lean about the product.

Please feel free to contact us with any further questions that you have and we will assist you with anything that you need.

and detailed information regarding products and brands, allowing you to know exactly what you are purchasing and what you can expect from any of our products.

FAQ's

We do our best to provide web viewers and customers with as much information as possible regarding our products and product warranties. We made a strong effort in putting a large amount of time in collecting frequently asked questions from all of the brands and manufactures we provide, allowing you to have any questions that you might have answered. Providing you the with the FAQ's from the brands and manufacturers is the best way to provide you with the best answer and that is the reason why we supply it on our website. For the convenience of our online shoppers we have separated the FAQ's into sections by manufacturers, which allows you to easily find the answer to your question. This will help you find the right place without aggravation and provide you with what you want on the product you are interested in or have purchased. By clicking on the name of the brand or manufacturer you immediately will be directed to the page containing frequently asked questions on their specific parts and accessories. We understand at Car Magic Parts and Accessories that it takes a large amount of time and can be very confusing when searching for the brand and manufacturer's official website and that is why we have included all the information from their website on to carmagic.com. You can also find questions asked by other customers and product owners to acquire a better understanding on the products offered on our website. By providing you with as much information as possible we know you will be able to purchase the product that best fits your needs and desire. We strive to provide you with as

much helpful information as possible in order for you to make the best decision on purchasing a product. If you have any other questions that you can not find on our website regarding products, brands, warranties or any other information feel free to contact us and we will provide you with anything that you need.

Warranty

Every brand and manufacturer offers its own warranty based on each product and for that reason we have created a Warranty section. Each brand and manufacturer has its own section where you can find all warranty information and details. In the Warranty section you will also be able to get your product registered so it can be covered by the manufacturer's warranty. Similar to the way our FAQ's is set up we have put each brand and manufacturer into their own section so the warranty information will be easy for you to find. The purpose of this is to make it quick and easy to register your product with the proper brand/manufacturer. The main goal at Car Magic Parts and Accessories is to provide our customers with all of the information they need before and after purchasing a product. Something that is very important to us is your safety and the safety of other motorists, which is why it is important to familiarize yourself with any part or accessory that you make as an addition to your vehicle. It is important to first start becoming familiar with all vehicle manufacturers' instructions, warning and limited warranties so you can become more comfortable with your aftermarket product. Please take the time to check out our warranty section so you are aware what type of coverage your product has which will allow you to feel more comfortable about your product.

Return Policy

Please take some time to review our Return Policy so you are familiar of our policies concerning purchases, returns, exchanges and what particular scenarios and events are covered by the manufacturers warranty. Before you decide to make a purchase we advise you to please read our Return Policy so you are well aware of our return or exchange policies. Becoming aware of any company's return policy prior to making a purchase on any product is very important so you know what scenarios and events are covered by any returns and/or exchange. Please feel free to contact us if you would like any more information regarding our return policy. We have representatives standing by that are more than happy to assist you with any concerns or questions regarding a product and our Return Policy. We are here to help you with any questions, concerns or feedback you would like to give us and we hope to assist you the best way possible. At Car Magic Parts and Accessories we are always looking for ways to improve our website and our customer service so anything you need to ask us is more than welcomed.
